Experience

WMI Worldwide

Lead UX Designer

Bellevue, Washington
June 2022 - Current

Making design decisions for internal business management tool called **oRooster** through user research. Provided designs for clients at **Microsoft** within the **Azure DevOps Team**. Identifying overall opportunities for user experience development and propose solutions.

Reddit Capstone

Product Designer & Manager

Seattle, Washington
January 2022 - June 2022

Designed and prototyped a synchronous engagement platform for Reddit. Utilized a mixed-method approach for user research, analyzing data from a broad user group. Created a high-fidelity prototype to present to stakeholders and earned **Best in Communication within the Undergraduate Department**.

University of Washington

Undergraduate Teaching Assistant

Seattle, Washington
September 2021 - December 2021

Assisted **90 students** in and out of class, as well as providing feedback on assignments. Reinforced Python lecture material with class lab time and personal office hours, **7 days/week**. Minimized assignment errors and provided feedback on upcoming assignments by testing the assignments before release.

DAX Services LLC

Lead Product Designer & Manager

Van Alstyne, Texas
January 2020 - December 2020

Designed and published company website through a **CMS**. Conducted competitive analysis, and user testing of low and high-fidelity prototypes. Digitally hand drew all logos for service section of website on **Procreate**. Onboarded client to confidently modify website tailored to future needs. Attracted **112+ unique visitors** in the past year.

Seattle Children's Hospital

UX Designer

Seattle, Washington
October 2019 - April 2021

Step-It-Up App Project: designed a mobile application that encourages Cancer Care Unit patients at the **Seattle Children's Hospital** to remain physically, mentally, and emotionally motivated. Researched adolescent psychology on motivation and gamified the app as a scavenger hunt to encourage patient's proactivity.

DubsTech | 8th Protothon

Product Designer

Seattle, Washington
May 2020

Fully redesigned and built a high-fidelity prototype of the *Coding with Kids* website on **Adobe XD** and **Figma** to improve the registration and course discovery for parents and children. Course registration was forecasted to increase by **25%**. Our team of five took **1st Place for this track**.
